

选用该机，是您最明智的选择！

Choose this press, give a superb value for your investment.

WIN520 胶印机

WIN520 OFFSET PRESS

威海印刷机械有限公司

WEIHAI PRINTING MACHINERY CO., LTD.

WIN520 胶印机

WIN520 OFFSET PRESS

连续式给纸形式，重型机械结构，功能齐全，
更适应彩色及各种薄厚纸的印刷。

Feed Paper continuously ,heavy duty structure , especially for color printing.

特点

- 重型机械结构，铸铁底座，墙板，滚筒等，强度和韧性好，耐磨，消振，保证机器高速运转平稳和压印力。
- 下摆给纸传动机构，更适宜高速印刷。
- 连续式给纸形式，输送纸张更加平稳，更适合薄厚纸的印刷。
- 主要零部件的加工和检测均由智能设备完成。
- 版滚筒与橡皮滚筒走肩铁，运转平稳，确保印刷质量。
- 快速的定位上版和拉紧装置。
- 双弹簧叼纸牙，防止纸张滑动，在长时间的印刷中，保持相同叼纸压力。
- 气动控制系统，无手柄操作，方便，安全，快捷。
- 高精度进口轴承，高精度精密磨削的斜齿轮，保证机器的传动平稳。
- 定点、定量、定时的自动集中润滑，无油报警系统；采用镀铬的滚筒，延长机器使用寿命。
- 双给纸台装置，节省辅助时间，提高印刷效率。
- 上版、擦版、防护罩、安全罩，调节门均有安全装置，保证了操作者与机器的安全。
- 采用PLC控制，触摸屏操作，人机对话界面。

FEATURES

- Heavy duty mechanism structure .Cast iron pedestal, frame, cylinders etc. have the good intension and tenacity, ensuring high stability and good printing impression.
- Underswing feeder equipment, especially for high speed printing.
- Easy operating press, considers every details, designed as practicality ,economy and handsome.
- Main parts are manufactured and tested by intelligent equipments.
- Plate cylinder and blanket cylinder go through with the bearer, running stably ,ensuring qualified printing image.
- Fast Positioning plate mounted and tension equipment.
- Double spring gripper, ensuring the same gripper pressure during the long time printing work.
- Pneumatic control system ,leverless operation, much more convenient, safe and quickly.
- High precision imported bear, ensuring cylinder impression even in the high speed rotation.
- Automatic centralized oiling system, supplying the oil at the fixed time point, volume and time; There is an alarm when the oil pump is lack of oil; chromed cylinder, prolongs the operation life.
- Double tables feed, save more time, makes the work more efficiently.
- Operators are safe due to the installation of safety guard, adjustment door and protecting shield.
- PLC device and touch-screen operating.

技术参数 SPECIFICATIONS

最大纸张尺寸 Paper size W × L (Max.)	520mm × 375mm
最小纸张尺寸 Paper size W × L (Min.)	297mm × 210mm
纸厚范围 Paper thickness	0.04mm - 0.4mm
最大印刷面积 Printing area W × L (Max.)	505mm × 350mm
印刷速度 Printing speed	3000s/h - 11000s/h
给纸堆容量 Feeder pile capacity	高 Height 550mm(重量是 Weight 150 Kg)
收纸堆容量 Delivery pile Capacity	高 Height 400mm(重量是 Weight 120 Kg)
电源 Power	380V 50Hz
功率 Wattage	4 Kw
机器体积 Dimensions (L × W × H)	1910mm × 1180mm × 1620mm
重量 Net weight	2000Kg

*设计和规格有时会发生变更，恕不预告。 Specifications are subject to change without notice.
